

# Sailmaker Hardware

- ✓ Batten pocket protectors and vernier batten adjusters include screws where shown.
- ✓ Larger batten pocket protectors and adjusters are slotted at luff end to allow webbing attachment to slides, slugs or cars.
- ✓ Vernier batten adjusters allow fine tuning of batten compression. Low gearing of the vernier screw permits fingertip adjustment, and precise settings are easily repeated with the aid of the graduated window.

PRODUCT No.	DESCRIPTION	WEIGHT g	WEIGHT oz
PNP14	Twist on hank, suits 3mm (1/8") diameter wire, 31mm (1 1/4") long	5	0.2
PNP14B	Twist on hank, suits 5.5mm (3/16") diameter wire, 37mm (1 1/2") long	7	0.2
PNP25A	Leech line cleat, glass re-inforced Nylon, suits up to 4mm (5/32") diameter line, 70mm (2 3/4") long, including backing plate	10	0.4
PNP83	Batten pocket protector, suits battens up to 50mm (1 31/32") x 6mm (1/4")	17	0.6
PNP85	Batten pocket protector, suits battens up to 20mm (25/32") x 7mm (9/32")	11	0.4
PNP87	Batten pocket protector, suits battens up to 16mm (5/8") x 4mm (5/32")	9	0.3
PNP88A	Piston hank, suits 6.4mm (1/4") diameter wire, 50mm (1 31/32") long	8	0.3
PNP88B	Piston hank, suits 8.0mm (5/16") diameter wire, 72mm (2 27/32") long	15	0.5
PNP88C	Piston hank, suits 11.2mm (7/16") diameter wire, 75mm (2 31/32") long	22	0.8
PNP105	Batten pocket protector, suits batten ends up to 40mm (1 9/16") x 5mm (3/16")	17	0.6
PNP147	Batten pocket protector, suits battens up to 50mm (1 31/32") x 5mm (3/16")	56	2.0
PNP148	Batten pocket protector, heavy duty glass reinforced Nylon, accepts battens up to 50mm (1 31/32") x 8mm (5/16")	90	3.2
PNP155	Vernier batten adjuster, suits battens up to 22mm (7/8") x 10mm (13/32"), or 13mm (1/2") diameter	148	5.2
PNP156	Vernier batten adjuster, suits battens up to 16mm (5/8") x 6mm (1/4")	45	1.6
PNP162	Vernier batten adjuster to suit battens up to 30mm (1 1/8") x 10mm (3/8"), suits M10 thread batten car link	182	6.4
PNP170	Batten pocket protector, suits battens up to 22mm (7/8") x 8mm (5/16")	60	2.1
PNP375	Head board plates, Nylon, 90mm x 75mm (3 1/2" x 3"), 5.4mm (3/16") & 16.4mm (5/8") holes	10	0.4
PNP376	Head board plates, Nylon, 120mm x 100mm (4 3/4" x 4"), 5.4mm (3/16") & 16.4mm (5/8") holes	26	0.9
PNP377	Head board plates, Nylon, 145mm x 125mm (5 3/4" x 5"), 5.4mm (3/16") & 19mm (3/4") holes	46	1.6

## Sailmaker Hardware

- ✓ Piston hanks include screws where shown.
- ✓ Sail slides with "T" suffix are moulded in a special PTFE and Silicon impregnated material for reduced friction.

- ✓ PNP149 and 150 incorporate compression bearings for improved performance when used in conjunction with full battens.
- ⚡ Impact resistant, UV stabilised Nylon.

PRODUCT No.	DESCRIPTION	WEIGHT g	WEIGHT oz
<b>Sail Slides</b>			
PNP17T	Sail slide, 12mm (15/32") diameter x 38mm (1 1/2") long	4	0.1
PNP18T	Sail slide, 10mm (13/32") diameter x 38mm (1 1/2") long	4	0.1
PNP27T	Sail slide, internal track, 16mm (5/8") wide x 32mm (1 1/4") long	4	0.1
PNP28T	Sail slide, internal track, 22mm (7/8") wide x 42mm (1 21/32") long	8	0.3
PNP29T	Sail slide, 9mm (11/32") diameter x 32mm (1 1/4") long	2	0.1
PNP47	Sail slide, external track, 23mm (7/8") wide x 33mm (1 15/16") long	14	0.5
PNP102	Compression sail slide, stainless steel attachment loop, 8.4mm (11/32") diameter x 45mm (1 25/32") long	8	0.3
PNP103	Compression sail slide, stainless steel attachment loop, 9.8mm (3/8") diameter x 46mm (1 13/16") long	10	0.4
PNP104	Compression sail slide, stainless steel attachment loop, 11.6mm (15/32") diameter x 49mm (1 15/16") long	11	0.4
PNP140	Sail slide, 12mm (15/32") diameter x 31mm (1 3/16") long	8	0.3
PNP141	Sail slide, 13mm (8/16") diameter x 31mm (1 3/16") long	10	0.4
PNP149	Sail slide, heavy duty glass filled Nylon, 22mm (7/8") wide x 63mm (2 15/32") long	25	0.9
PNP150	Sail slide, heavy duty glass filled Nylon, 11mm (7/16") diameter x 70mm (2 3/4") long	21	0.7
PNP201	Compression sail slide, 8.5mm (11/32") diameter x 31mm (1 3/16") long	6	0.2
PNP202	Compression sail slide, 10mm (15/32") diameter x 55mm (2 5/32") long	16	0.6
PNP203	Sail slide, internal track, heavy duty with stainless steel insert, 22mm (7/8") wide x 60mm (2 3/8") long	28	1.0
PNP204	Compression sail slide, heavy duty with stainless steel insert, 9mm (11/32") diameter x 60mm (2 3/8") long	43	1.5
PNP280	Sail Slide, internal track 22mm (7/8") wide, M10 stud	98	3.5
PNP280A	Sail Slide, internal track 22mm (7/8") wide, stainless steel pin	42	1.5
PNP281	Sail Slug, 10mm (13/32") diameter M10 stud	99	3.5
PNP281A	Sail Slug, 10mm (13/32") diameter, stainless steel pin	42	1.5
PNP302	Sail slide, 8mm (5/16") diameter x 45mm (1 3/4") long, stainless steel / nylon	13	0.5
PNP303	Sail slide, 9.5mm (3/8") diameter x 50mm (2") long, stainless steel / nylon	15	0.6
<b>Sail Shackles</b>			
PNP63	Sail shackle, screw-on, 12mm (1/2") deep x 8mm (5/16") internal clearance, suits PNP18T, PNP27T & PNP29T	2	0.1
PNP81A	Sail shackle, snap-on, 11mm (7/16") deep x 8mm (5/16") internal clearance, suits PNP18T, PNP27T & PNP29T	2	0.1
PNP81B	Sail shackle, snap-on, 12.7mm (1/2") deep x 8mm (5/16") internal clearance, suits PNP17T, PNP18T & PNP28T	4	0.1
PNP106	Sail shackle, screw-on, 16mm (5/8") deep x 10mm (3/8") internal clearance	8	0.3
